## **A word about my editing.**

Lion Jerry has done a wonderful job identifying and cataloging over 1000 different Lions pins that feature lighthouses. When I first saw it, I noticed that a few Georgia pins were not shown and that one shown was actually NOT a lighthouse. I've checked and there are a few others that appear to be lighthouses, but are not. Additionally, Jerry's work is not particularly alphabetized. So, my attempt here is to sort each state into "order" and identify any that I felt or knew were not lighthouses. In one or two cases, it appears that duplicates were shown and I have tried to eliminate those.

I have been very fortunate to find all but approximately 128 of the pins in Jerry's catalog. I have a large number of other lighthouse pins that were not shown. My goal is to add a "discovery" page behind each state or country that will display those pins. This is a work in progress, so please be patient.

I have to mention Lion John Sibley for his help in acquiring most of the Canadian pins that I have been able to add to my collection. He lives on a small island off the coast of Newfoundland and to my eye, it appears that the daily ferry there runs just to bring him his mail. Thank you Lion John!

Please let me know if you see any errors or if you have any lighthouses not shown.

In Lions friendship and service.
